

## GEOTECHNICAL ASPECTS OF DAMAGES CAUSED BY NATURAL PHENOMENA

FRIDAY, 11.11.2016.

|               |  |   |
|---------------|--|---|
| 08:00 - 09:00 | REGISTRATION   | geotechnical aspects of damages caused by natural phenomena |
| 09:00 - 11:05 | OPENING CEREMONY   |   |
|               | INVITED LECTURES   |   |
|               | Norikazu Shimizu, Tsuyoshi Eguchi<br><i>Challenge of continuous spatio-temporal displacement monitoring in geotechnical engineering</i>  |   |
|               | Fusanori Miura<br><i>Application of satellite remote sensing to natural disaster management</i>  |   |
|               | Tomislav Ivšić<br><i>Potresno djelovanje i geotehnika // Earthquakes and geotechnical engineering</i>  |   |
| 11:05 - 11:35 | COFFEE BREAK   |   |
| 11:35 - 13:30 | INVITED LECTURE  |   |
|               | Heinz Brandl<br><b>Floods – Stability and failures of dykes</b>  |   |
|               | PAPER PRESENTATIONS (moderator: Mensur Mulabdić)   |   |
|               | Silvija Puljak, Ninoslav Tomljanović, Franjo Verić<br><i>Rekonstrukcija lijevoobalnog savskog nasipa na mjestu probaja nasipa u Rajevom selu // Reconstruction of the leftside dike of the Sava river on the location of the dike breach in Rajevo Selo</i>  |   |
|               | Ivan Mihaljević, Goran Grget, Marko Kaić<br><i>Projektiranje i nadzor nad sanacijom obrambenih savskih nasipa kod sela Račinovci i Topola u Županijskoj Posavini, oštećenih u poplavama 2014. godine // Design and supervision on remediation of levees on river Sava near Račinovci and Topola in the Županijska Posavina region damaged in the 2014 floods</i> |   |
|               | Jelena Kaluđer, Jelena Matijević, Krunoslav Minažek, Mensur Mulabdić<br><i>Uloga geosintetika u nasipima za obranu od poplava // Role of geosynthetics in flood protection embankments</i>   |   |
|               | Janne-Kristin Pries, Lars Vollmert<br><i>Improving sealing efficiency and structural stability of dams and dykes by using geosynthetics</i>  |   |
|               | Leo Kuljanski<br><i>Application of a geogrid reinforced granular matress (StratumTM) as the base of dyke</i>   |   |
| 13:30 – 15:00 | LUNCH  |   |
| 15:00 - 16:30 | PAPER PRESENTATIONS (moderator: Predrag Miščević)  |   |
|               | Željko Sokolić, Igor Sorić, Nikola Belić<br><i>Kategorizacija klizišta na području općine Vogošća (BIH) aktiviranih u svibnju 2014. // Technical and financial indicators prognosis for unstable slopes based on available data and terrain prospection</i>  |   |
|               | Elizabeta Tomašić, Goran Mazija<br><i>Uloga geotehničkog katastra kod zahvata u prostoru na području grada Zagreba // The role of geotechnical cadastre in the city of Zagreb area interventions</i>   |   |
|               | Jure Ofak, Laszlo Podolski, Željko Miklin, Željko Sokolić<br><i>Detaljna inženjerskogeološka karta podsljemenske urbanizirane zone grada Zagreba // Detailed engineering geological map of Podsljeme urbanized area of city of Zagreb</i>  |   |
|               | Marija Podbojac, Miro Jukić<br><i>Sinteza istražnih inženjerskogeoloških i geotehničkih radova i provedenih sanacijskih mjera na klizištu Črešnjevec (1982.-2016.) // Synthesis of investigative engineering-geological and geotechnical works and implemented remedial measures on the landslide Črešnjevec (1982-2016)</i>                                     |   |
|               | Goran Vlastelica, Predrag Miščević, Nataša Stambuk Cvitanović, Tihomir Biloš, Mijo Nikolić<br><i>Daljinsko opažanje upotreboom TLS-a za potrebe analiza geomorfoloških procesa na padinama: primjeri s područja srednje Dalmacije // Field monitoring of geomorphological processes on steep slopes by using TLS: examples from central Dalmatia</i>             |   |
|               | Stjepan Strelec, Mario Gazdek, Josip Mesec, Jasmin Jug, Davor Stanko<br><i>Primjena „in situ“ i geofizičkih metoda u istraživanju cestovnog klizišta // Implementation of in-situ and geophysical methods for road landslides investigations</i>   |   |
| 16:30 - 17:00 | COFFEE BREAK   |   |
| 17:00 - 18:00 | PAPER PRESENTATIONS (moderator: Antun Szavits-Nossan)  |   |
|               | Hiroaki Matsugi, Motoyuki Suzuki, Kyoko Kagohara, Kazuyuki Sakaguchi<br><i>Recurrence of large-scaled debris flow occurred in Hiroshima City, 2014</i>   |   |
|               | Motoyuki Suzuki, Kyoko Kagohara, Kazuyuki Sakaguchi, Hiroaki Matsugi<br><i>Occurrence of slope failures and debris flow during the 2016 Kumamoto earthquake</i>  |   |
|               | Jure Ofak, Sonja Zlatović, Igor Sokolić<br><i>Ispitivanje ponašanja pijeska u troosnom uređaju. // Testing behaviour of sand in triaxial apparatus</i>   |   |
|               | Francesco Castelli, Valentina Lentini, Pier Luigi Raviolo<br><i>Dynamic characterization of the foundation soil in the enna area</i>   |   |
|               | CLOSING CEREMONY AND RETURN TO HOTEL TURIST  |   |
| 20:00 - 24:00 | GALA DINNER  |   |

**Varaždin 2016**

7th conference of Croatian Geotechnical Society with international participation
