

## GEOTECHNICAL ASPECTS OF DAMAGES CAUSED BY NATURAL PHENOMENA

FRIDAY, 11.11.2016.

8:00 - 9:00	REGISTRATION	geotechnical aspects of damages caused by natural phenomena
9:00 - 11:15	OPENING CEREMONY	
	INVITED LECTURES	
	Norikazu Shimizu, Tsuyoshi Eguchi <i>Challenge of continuous spatio-temporal displacement monitoring in geotechnical engineering</i>	
	Fusanori Miura <i>Application of satellite remote sensing to natural disaster management</i>	
	Tomislav Ivšić <i>Potresno djelovanje i geotehnika // Earthquakes and geotechnical engineering</i>	
11:15 - 11:45	COFFEE BREAK	
	INVITED LECTURE	
	Heinz Brandl <i>Floods – Stability and failures of dykes</i>	
	PAPER PRESENTATIONS (moderator: Mensur Mulabdić)	
	Silvija Puljak, Ninoslav Tomljanović, Franjo Verić <i>Rekonstrukcija lijevoobalnog savskog nasipa na mjestu probaja nasipa u Rajevom selu // Reconstruction of the leftside dike of the Sava river on the location of the dike breach in Rajevo Selo</i>	
	Ivan Mihaljević, Goran Grget, Marko Kaić <i>Projektiranje i nadzor nad sanacijom obrambenih savskih nasipa kod sela Račinovci i Topola u Županijskoj Posavini, oštećenih u poplavama 2014. godine // Design and supervision on remediation of levees on river Sava near Račinovci and Topola in the Županijska Posavina region damaged in the 2014 floods</i>	
	Jelena Kaluđer, Jelena Matijević, Krunoslav Minažek, Mensur Mulabdić <i>Uloga geosintetika u nasipima za obranu od poplava // Role of geosynthetics in flood protection embankments</i>	
	Janne-Kristin Pries, Lars Vollmert <i>Improving sealing efficiency and structural stability of dams and dykes by using geosynthetics</i>	
	Leo Koljanski <i>Primjena TriAx geomreža u izgradnji geotehničkih konstrukcija</i>	
13:15 - 14:45	LUNCH	
14:45 - 16:15	PAPER PRESENTATIONS (moderator: Predrag Miščević)	
	Željko Sokolić, Igor Sorić, Nikola Belić <i>Kategorizacija klizišta na području općine Vogošća (BIH) aktiviranih u svibnju 2014. // Technical and financial indicators prognosis for unstable slopes based on available data and terrain prospection</i>	
	Elizabeta Tomašić, Goran Mazija <i>Uloga geotehničkog katastra kod zahvata u prostoru na području grada Zagreba // The role of geotechnical cadastre in the city of Zagreb area interventions</i>	
	Jure Ofak, Laszlo Podolski, Željko Miklin, Željko Sokolić <i>Detaljna inženjerskogeološka karta podsljemenske urbanizirane zone grada Zagreba // Detailed engineering geological map of Podsljeme urbanized area of city of Zagreb</i>	
	Marija Podbojac, Miro Jukić <i>Sinteza istražnih inženjerskogeoloških i geotehničkih radova i provedenih sanacijskih mjera na klizištu Črešnjevec (1982.-2016.) // Synthesis of investigative engineering-geological and geotechnical works and implemented remedial measures on the landslide Črešnjevec (1982-2016)</i>	
	Goran Vlastelica, Predrag Miščević, Nataša Stambuk Cvitanović, Tihomir Biloš, Mijo Nikolić <i>Daljinsko opažanje upotreborom TLS-a za potrebe analiza geomorfoloških procesa na padinama: primjeri s područja srednje Dalmacije // Field monitoring of geomorphological processes on steep slopes by using TLS: examples from central Dalmatia</i>	
	Stjepan Strelec, Mario Gazdek, Josip Mesec, Jasmin Jug, Davor Stanko <i>Primjena „in situ“ i geofizičkih metoda u istraživanju cestovnog klizišta // Implementation of in-situ and geophysical methods for road landslides investigations</i>	
16:15 - 16:45	COFFEE BREAK	
16:45 - 18:00	PAPER PRESENTATIONS (moderator: Antun Szavits-Nossan)	
	Hiroaki Matsugi, Motoyuki Suzuki, Kyoko Kagohara, Kazuyuki Sakaguchi <i>Recurrence of large-scaled debris flow occurred in Hiroshima City, 2014</i>	
	Motoyuki Suzuki, Kyoko Kagohara, Kazuyuki Sakaguchi, Hiroaki Matsugi <i>Occurrence of slope failures and debris flow during the 2016 Kumamoto earthquake</i>	
	Jure Ofak, Sonja Zlatović, Igor Sokolić <i>Ispitivanje ponašanja pijeska u troosnom uređaju. // Testing behaviour of sand in triaxial apparatus</i>	
	Francesco Castelli, Valentina Lentini, Pier Luigi Raviolo <i>Dynamic characterization of the foundation soil in the enna area</i>	
	CLOSING CEREMONY AND RETURN TO HOTEL TURIST	
20:00 - 24:00	GALA DINNER	

**Varaždin 2016**

7th conference of Croatian Geotechnical Society with international participation

SATHURDAY, 12.11.2016.

**EXCURSION**

- |       |  |
|-------|--|
| 9:00  | Varaždin, start  |
| 9:30  | Varaždinske Toplice<br>archeological park<br>coffee<br>Chappel of St. Spirit                               |
| 11:00 | bus  |
| 11:45 | visit to a potter work shop in Globočec  |
| 12:30 | bus<br>Marija Bistrica<br>Vinski vrh   |
| 13:00 | Konjščina  |
| 13:30 | bus  |
| 14:00 | visit to a Vincek-bridge on Selnica, built after a bridge<br>designed by Leonardo DaVinci<br>mill of Curiš |
| 14:30 | lunch - Rola Savonarola  |
| 16:00 | bus  |
| 17:00 | return to Varaždin   |
